

INFICIDE LF 125

Description

INFICIDE LF 125 is a broad spectrum terminal disinfectant based on third and fourth generation quaternary ammonium compound mixture, used for versatile applications for disinfection. On application it eliminates almost all types of bacteria, fungi, virus and harmful micro-organisms that have the ability to spread infectious diseases from all application surfaces.

Product Benefits

- Excellent wetting agent offers wide spread of the product
- Multi-disciplinary application as a disinfectant
- Non Corrosive nature makes it effective for CIP systems
- Non-toxic, environment friendly

Application

- ❖ Mopping (Surface Disinfection)
- ❖ Fogging* (Environment Disinfection recommended in Healthcare & Allied sectors)

Product Specifications

Colour: Pink
Shelf Life: 2 years
Pack Size: 1 Litre & 5 Litre

Dilution

For Mopping
0.75 % to 1.5% (7.5 – 15 ml in 1 litre water)

For Fogging
1.5% to 3.0% (15 - 30 ml in 1 litre water)

Storage

Store in original containers in cool dry place, away from heat, direct sunlight and alkalis.
